Since setting up the company 40 years ago, Oliver Crampton & Sons Ltd have carried out large scale building projects to include office fit outs and interior fit outs throughout Ireland. We have grown our business on our high quality and flexible service, dependability, safety and our keen awareness of the importance of completing projects within tight deadlines. It is our attention to detail, quality workmanship and our ability to listen to and understand our clients' needs that distinguish us from our competitors. From initial planning, project execution and handover, to advice on aftercare management and maintenance, our build experience, both in the public and private sector, spans all sectors including offices, healthcare facilities, retail, schools, residential, sports, leisure and industrial buildings, Commercial, Residential. Our experience in refurbishment, renovation and design in both commercial and residential sectors ensure that we deliver what you the customer wants at a price that you will be surprised with. We provide a total service package for both public and private sector clients and private home owners, including initial planning, through to construction and fit-out. After completion and commissioning, we can arrange and supply a comprehensive maintenance management service. We have worked with some of Irelands leading architects and designers providing them construction solutions in order to achieve their design (e.g. O'Mahony Pike Architects, GKMP Architects, OCA Architects etc.). Oliver Crampton & Sons Ltd are the proud WINNER of the Irish Construction Industry "Conservation Project of the Year" Award 2017 for the Blackrock House development. The awards ceremony took place on Tuesday 9th May 2017. We can utilize your existing space to transform your premises to traditional or modern
