

Natural Stone Ireland

Oristown, Kells, Co.Meath

Phone: 086 2668301

As one of Ireland's only importers of the new and stylish Indian Sandstone, we are dedicated to only providing the highest quality paving and kerb stones. On this site, you can find images of our featured designs and our competitive prices, as well as optional goods for laying and grouting the stones. We have recently introduced two new products to our range - "Architectural Salvage" consists of Pine Beams for large ceilings, such as what you would see across the ceilings of large manors and pubs.
