

Manotherm Ltd

The Control Centre, 4 Walkinstown Rd, Dublin 12 D12 RP83.

Phone: 01-4522355

Manotherm is Ireland's leading supplier of pressure, temperature, flow, level and humidity instrumentation with 60 years' experience. Manotherm are delighted to announce our new partnership with Alre. Alre are a long established German manufacturer of heating controls from Berlin producing equipment of the highest quality. The new wireless b@home system is expandable to 32 zones and can be used on both heating and cooling applications and can be used on multiple emitter types including TRV's, Underfloor systems, Radiant Panels, Zone Valves and mobile electric heaters. Please get in touch more information and a demonstration. Manotherm works only with market-leading suppliers who deliver reliable products — such as Dwyer, Afriso, Barksdale, Influx, Bindicator, Drexelbrook, Mankenberg, Schubert & Salzer, Gemini, West, and Land. We have an excellent understanding of the process requirements of the sectors we serve and are well positioned to provide an outstanding service, holding wideranging stock in Dublin and representing best-of-class products. Discover more about us - and all we have available - through website, or contact our team of key personnel who each provide professional expertise and advice.
