Cafferkey Civils Ltd has expanded to be one of the most reputable Civil Engineering and Ground Works contractors in the Leinster area, successfully delivering projects since 1973. On every project we aim to collaborate with the design team to successfully deliver projects in commercial, pharmaceutical, healthcare, aviation, hospitality, data centre and retail sectors. Our dynamic and innovative approach to Civil Engineering has won us a reputation for excellence in the field. We focus on our relationships and 80% of our business is delivered through repeat business and strong relationships with our clients and stakeholders, as they know they can trust us to deliver. Our client portfolio features a diverse range of projects including MSD Pharma, Alexion Pharma, UCD, Microsoft, Google, PayPal & The K Club. We place huge emphasis on our safety, quality and environmental responsibilities and pride ourselves on our standards and impeccable record which includes Grade A Safe-T-Cert accreditation for Health & Safety Management, ISO 9001: 2015 accreditation for Quality Management and ISO 14001: 2015 accreditation for Environmental Management.
