

Damp Store

59 Rock Rd, Blackrock, Co Dublin.

Phone: 01-8745055

The Damp Store is Ireland's largest fully Irish owned damp proofing contractor company and have been offering unrivalled service to our customers since 1982. As our existing customers know we have been operating a quality management control system since our inception in 1982. This has now been certified to ISO 9001 since 16 June 1998. We offer full diagnosis and treatment service for all damp problems from inspection to final treatment. Basement conversions are increasingly popular and here at The Damp Store we have everything you need to complete the job. The key to success in any conversion project is to ensure the area is completely waterproof. Which is where The Damp Store's expertise becomes invaluable. With over 30-years damp proofing experience in the marketplace we can supply everything you need to ensure a successful job. We have a complete range of treatments, waterproof membranes, sump pumps and drainage systems. All this means is that your once neglected damp, cold and mouldy basements can be transformed into wonderful cosy living areas. Clearly, when working below ground the quality and durability of materials is extremely important, which is why we offer all systems backed up our written guarantee and systems independently tested by Agreement Board Certification. Please contact us with all enquiries in the first instance to our sales team who will arrange for an appropriate surveyor or member of staff to contact you to inspect and detect and diagnosis of dampness, decay or structural defects in buildings and to provide a full guaranteed remedial treatment

plan. Whatever system you go for, the technical and sales staff at the Damp Store will always be happy to help you create dry, habitable rooms out of formerly overlooked basements. Using the complete Damp Store range can produce incredible results.
